

FC-4

Indian culture is rich, moralistic, and promotes human and _____ values.	ethical	terminal	radical	positive
One of the advantages of Privatization is it _____ the financial burden on the government.	reduced	increased	multiplied	reverted
Globalization is the process of rapid _____ or interconnection between countries.	integration	sublimation	hydrolysis	intermission
There is a steady cash flow into the developing countries, which gradually decrease the _____ difference.	dollar	rupee	ruble	Taka
_____ is finding a wide range of applications varying from navigation (air, sea, land) to mapping and surveying.	GPS	GIS	Remote Sensing	Mobile Applications

<p>The full form of GIS is</p> <p>_____</p> <p>_____</p> <p>_____.</p>	<p>Geographical Information Systems</p>	<p>Geographical Input Systems</p>	<p>Geomatics Internet Systems</p>	<p>Geographical Information Setup</p>
<p>The full form of GPS is</p> <p>_____</p> <p>_____</p> <p>_____.</p>	<p>Global Positioning Systems</p>	<p>Global Positive Systems</p>	<p>Global Positioning Space</p>	<p>Geographical Positioning Systems</p>
<p>A _____ conferencing is a set of interactive telecommunication technology which allow two or more persons seated at different places in the town, state, country, or even in the world.</p>	<p>Video</p>	<p>SharePoint</p>	<p>Delve</p>	<p>Planner</p>
<p>Wages of Industrial Labour has increased substantially as they have become very _____</p> <p>_____.</p>	<p>productive</p>	<p>deductive</p>	<p>subjective</p>	<p>inductive</p>

<p>Progressive farmers from India are getting exposure to the best possible available technologies and educated young men working in International Agriculture related companies are helping in _____ of better agriculture technologies in their geographical areas.</p>	diffusion	submission	abstraction	limitation
<p>A number of corporate companies are raising share capital from stock markets in name of plantations like _____.</p>	Green Earth	Green Space	Green Debris	Earth Hour
<p>Green Revolution in _____ was mainly responsible for substantial increase in foodgrains production.</p>	1960s	1970s	1980s	1990s

Agriculture and _____ are largest industries of the World.	retail	wholesale	supermarket	submarkets
Tax on imports is an example of _____.	Trade Barriers	Trade Deficit	Trade Surplus	Trade Growth
Mobile Phones are called _____.	Cell Phones	Data Phones	Dead Phones	Manmade Databases
Remote Sensing Satellites are also called as _____.	Polar Orbit	Equator Orbit	Round Orbit	State Orbit
With globalisation and privatization, large number of jobs are available in _____ sector.	IT	Television	Agriculture	Industrial
_____ has made the world very small.	Globalisation	Liberalisation	Privatisation	Spatialisation
SEZ is _____.	Special Economic Zone	Special Environmental Zone	Special Economic Zonation	State Economic Zone
Agriculture is the _____ of Indian economy.	backbone	spinal cord	head	skull
Human Rights are _____.	inalienable	alienable	National	Worldly

Fundamental Rights are also called as _____ rights.	Basic	New	Neo	Spread
Roman law was based on the idea of rational _____ law.	Natural	Basic	New	Neo
_____ staunchly supported individual freedom and equality of man.	Hobbes	Stoics	Robert	Maslow
English Bills of Rights was passed in _____.	1689	1889	1667	1668
The American Declaration of Independence occurred in the year _____.	1776	1689	1889	1667
The American Bills of Rights was signed in the year _____.	1791	1776	1689	1889
UDHR is _____ Declaration of Human Rights.	Universal	United	Unified	Under
The League of Nations also addressed the problem of _____.	Slavery	Growth	Development	Independence
_____ rights are rights against both the state and society.	Civil	Human	State	National

Equality before Law : Article _____.	14	19	21	22
Abolition of Untouchability: Article _____.	17	14	15	12
Abolition of Titles : Article _____.	18	19	12	15
Right to Freedom of Movement is an essential part of right to _____ liberty.	personal	professional	spatial	national
Right to Education is Article _____ in Indian Position.	21A	21C	21B	21D
DPSP is Directive Principles of State _____.	Policy	Position	Personal	Professional
Article 23 prohibits human trafficking, _____ and other forms of forced labour and Article 24 prohibits child labour.	begar	bonded	stress	rate
Article _____ of the Indian Constitution recognises the right to vote of Indian citizens.	326	333	342	354

The Preamble of the Constitution declares India as a _____ country.	Secular	capitalist	communist	nation-state
French Revolution and the Declaration of Rights of Man:	1789	1776	1689	1889
Animal kingdom including _____ constitutes another biotic component of natural environment.	Man	Space	Race	Rabbit
The total picture of interdependence of micro-organisms, plants, herbivores and carnivores forms a network called _____.	Food Web	Food Chain	Ecological Pyramid	photosynthesis
_____ means a dynamic complex of plant, animal and micro-organism communities and their non-living environment interacting as a functional unit.	Ecosystem	Ecological	Terrestrial	aquatic

<p>The _____ environment mainly includes the type of government and its ideological principles which generate different controls on production and consumption activities.</p>	political	economic	social	cultural
<p>The changing condition of the atmosphere prevailing for a longer interval time is referred to as _____.</p>	Climate	relief	topography	spaces
<p>The narrow zone of all these three spheres in which life is supported is termed therefore as _____.</p>	Biosphere	hydrosphere	atmosphere	ionosphere
<p>Organisms that get the nutrients and energy they require by feeding either directly or indirectly on producers are called as _____.</p>	Consumers	heterogenous	Autotrophs	Decomposers

The _____ are organisms that live on the refuse of the ecosystem at each trophic level.	Detritivores	Vampires	Herbivores	Carnivores
No animal can live in isolation and has to depend on his _____ environment.	Natural	Artificial	Cultural	Spatial
_____ is the sum total of all living and non-living factors that compose the surroundings of man.	Environment	Surroundings	Space	Market
The real environment is a mixture of the components of both Natural and _____ environments.	Cultural	Spatial	Social	Trending
The nature of environment is quite _____.	Complex	Simple	Compound	Sub-divided
The various features which constitute the environment are termed as the _____ of the Environment.	Components	Relative	Absolute	Abiotic

Temperature, humidity, winds, air pressure, rainfall, etc. are all the basic elements of _____.	Climate	Topography	Landuse	Location
_____ received from the sun also forms a very important component of natural environment.	Energy	Environment	Radiations	Soil
There are total _____ Sustainable Development Goals(SDGs)	17	20	21	22
MDGs are called as _____.	Millenium Development Goals	Middle Developed Groups	Middle Developed Goals	Millenium Development Groups
_____ Act of 1986 is the key legislation government environment management.	Environment	Ecology	Ecosystem	Ecotone
EIA is _____.	Environmental Impact Assessment	Environmental Issue Assessment	Environmental Impact Agreement	Ecological Impact Assessment
Environmental Degradation occurs when earth's resources are _____.	depleted	revised	rebuilt	dead

_____ is becoming challenging due to stress, conflict and violence in society.	Life	Live	Lane	Last
Positive form of stress is called _____.	Eustress	Distress	Posistress	Negastress
Negative form of stress is called as _____.	Distress	Eustress	Negastress	Posistress
_____ can be thought of as any event that strains or exceeds an individuals ability to cope.	Stress	Eustress	Distress	Posistress
The classic stress response is the 'fight or _____' reflex that helps to orient and become alert when we are faced with challenging or dangerous events.	flight	takeoff	rest	win
_____ disturbs the bodys internal balance causing physical and emotional syntoms.	Distress	Eustress	Negastress	Posistress

Financial Problems and Workplace stress are the causes of _____ stress.	External	Internal	Intra	Inter
Stress that continues for a long period of time can lead to poor concentration, irritability, _____ and poor judgement.	anger	happiness	smile	cheerful
_____ is closely related to the concept of frustration.	Conflict	flight	takeoff	rest
Conflict is concerned with _____.	difference	same	similar	distance
Conflicts arises when people are _____ with how they are governed.	unhappy	happy	special	great
Conflicts arises when people's _____ clashes.	belief	mood	words	body
_____ is a process through which an individual inherits the norms, customs and ideologies of the social order they live in.	Socialization	Specialization	Realization	Realistic

Community and Culture help pass on the religious views and cultures, traditions in an _____.	individual	community	commune	interstate
_____ is a baseless and usually negative attitude towards members of a group.	Prejudice	Conflict	Stress	Stereotypes
_____ can be both positive and negative.	Stereotypes	Prejudice	Conflict	Realistic
_____ is also called as combativeness.	Aggression	Attractiveness	Assertion	Absolute
Behaviours like _____ can be learned by watching and imitating the behaviours of others.	Aggression	Attractiveness	Assertion	Absolute
_____ is another major cause of aggression.	Frustration	Prejudice	Conflict	Stress
Violence on T.V. may result into _____.	Impact on Children	Scarcity of Resources	Irrational Thoughts	Sleep
Relaxation Technique such as yoga, meditation and _____ activate the body's relaxation response.	deep breathing	relax	sleep	negative

Stress produces psychological and _____ reactions.	physiological	social	economic	political
When the choice has a positive goal, it is referred to as _____ tendency.	an approach	an absent	an absolute	reversal
When the choice has a negative goal, it is referred to as _____ tendency.	an avoidance	an approach	an absent	an absolute
Conflicts emerge when there is lack of _____.	understanding	simplification	misunderstanding	regularisation
Five basic ways of addressing conflicts were identified by Thomas and _____.	Kilmann	Killmein	Kildad	Kilran
_____ are the well known methods through which various conflicts are addressed and solutions for the same are found.	Alternate dispute resolution	Alternate working resolution	Avoidance tendency	Working Dispute

_____ can be defined as the most basic means of settling our differences.	Negotiations	Mediation	Meditation	Working
_____ is the submission of disputed matter to an impartial person.	Arbitration	Cognitive	Submissive	Meditation
Security of body, employment, resources, etc. are _____ needs.	Safety	Esteem	Self-Actualization	Physiological
The higher order needs is the need of _____.	Self-Actualization	Safety	Esteem	Physiological
Avoidance conflict involves more obvious sources of _____.	stress	tension	morality	word
Getting _____ of sleep a night will make it easier to cope with stress and distress.	7 to 8 hours	7 to 9 hours	2 to 8 hours	0 to 8 hours
Laughter is one of the best _____.	medicine	problem	hazard	disaster

_____ that there will be situations, events and people throughout life that you are unable to control.	Accept	Reject	Suggest	Work
Some stress is caused by _____ organization.	poor	good	worst	special
People with _____ emotional health have an ability to bounce back from stress and adversity.	good	worst	special	poor
Healthy diet helps in managing stress and keeps the internal rhythms in _____.	balance	work	space	run
_____ is the ability to see difficulties as an opportunity for change and growth.	Challenge	Control	Commitment	Cancellation
Clothing and Shelter provide necessary protection from the _____.	elements	solar system	atoms	molecules
RTI Act 2005 came into force on _____.	12 October 2005	15 August 2005	15 June 2005	1 November 2005
What is the time limit to get the information under RTI Act 2005?	30 days	15 days	60 days	45 days

What is the fee for getting information under RTI Act	Rs.10/-	Rs.20/-	Rs.50/-	Rs.100/-
Consumer movement in India was started in _____	1966	1968	1965	1964
Indian Citizens have the right to information because _____.	a law passed by the Parliament of India	Judgement of Supreme Court	Implementation of International Laws by Indian Government	All states adopted agree to implement Act
In order to entertain PIL, the Supreme Court has liberalized _____ rules.	procedural	procedures	processing	proceedings
Public Interest litigation is a part of _____ justice.	participatory	participate	participating	participated
Public Interest Litigation (PIL) may be linked with _____.	Judicial Activism	Judicial Sanctity	Judicial Review	Judicial Interview
Law should not remain a _____ shop.	closed	closure	closing	close
There is little _____ between Public Interest Litigation (PIL) and Social Action Litigation (SIL)	distinction	different	distinct	distinctive
What is PIL?	Litigation for protection of Public Interest	Litigation for protection of Constitutional Remedies	Laws in favour of Public	Public Immunity From Litigation
Who was the another judge to accept PIL along with the Justice P.N. Bhagwati	Justice M. Katju	Justice V.R. Krishna Iyer	Justice Ashok Bhan	Justice Suresh Verma

Rights of consumers are protected under _____.	Consumer protection 1986	Consumer protection 1990	Consumer protection 1982	Consumer protection 1991
The consumer has the right to get compensation against unfair trade practices under the right to _____.	Right to seek redressal	Right to choose	Right to safety	Right to inform
Which of the following are the ways and means of consumer protection?	All of the above	Self-regulation by the business	Business associations	Government
_____ are made to hear complaints of the value less than 5 lakhs.	Consumer forum at district level	State commission	National commission	None of the above
. How many rights does a consumer have under the Consumer Protection Act?	6	8	4	5
Consumer Protection Act is significant to _____.	All Goods and Services	Immovable Goods	Movable Goods	Particular Goods and Services
Which of the following are the elements of Charters?	Both a and b	Detail of clients	none of the above	Vision and Mission Statement
. _____ is an environmental ethic which views that the earth and its resources exist for human use/consumption.	Anthropocentrism	Biocentrism	Ecocentrism	Ecofeminism

Anthropocentrism often focusses on fixing the problem of _____ through the use of technology rather than a reduction in consumption.	Limited Resources	Unlimited Resources	Multiple Resources	None of the above
_____ describes movements and philosophies that links feminism with ecology.	Ecofeminism	Anthropocentrism	Biocentrism	Ecocentrism
_____ coined the term of ecocentric ethic in the year 1949?	Aldo Leopold	Paul W. Taylor	Arne Naess	Martin Heidegger
_____ coined the term of Deep Ecology.	Arne Naess	Martin Heidegger	Barnhill and Gottlieb	Devall and Sessions
Which of the following criticism is not true for Deep Ecology?	Change in Policies	Interests in Nature	Deepness	Misunderstanding Scientific information
Which of the following principle are true for Deep Ecology	All of the above	Obligation to Participate	Appreciation to Quality of Life	Anti-class Posture
What is Deep Ecology?	Protecting nature for its own sake	Ecology of Deep Sea	Ecology of Forest	Ecology of Caves
The _____ is found in most human right treaties.	Right to Life	Right to Equality	Right to Freedom	Right to Property
The Environment Protection Act was enacted in the year of _____.	1986	1990	1987	1991
Global Warming is also referred to as _____.	Climate Change	Ecological Change	Atmosphere Change	None of the Above

Protection, Improvement and Safe-Guarding of Forest and Wildlife comes under which Article?	Article 48 A	Article 49	Article 51	Article 50 A
The study of living organisms with the environment is known as _____.	Ecology	Ecosystem	Environment	Community
Which of the following are the elements of EPR?	Both a and b	None of the above	Liability	Physical Responsibility
The provisions of environmental protection in the constitution were made under:	Article 48-A and Article 51-A	Article 5-A	Article 21-B	Article 27-B
Which of the following are the objectives of EPR?	All of the above	Reduction of Disposal	Integration of Environment Costs	Improved Waste Management
The first of the major environmental protection act to be promulgated in India was :	Water Act	Air Act	Environmental Act	Noise Pollution Rule
The term Laser is an acronym for _____.	Light amplification by stimulated emission of radiation	Light amplification by segmented emission of radiation	Light amplification by stimulated exposure of radiation	Light amplification by segmented exposure of radiation
A satellite moves around a larger body, on a mathematically predicted path called _____.	orbit	trajectory	sphere	scope
In which of the following fields, nanotechnology does NOT bring any development.	Psychology	Medical Science	Electronics	Biotechnology
1 nanometer (nm) = _____ meter (m).	10 <sup>-9</sup>	10 <sup>6</sup>	10 <sup>-6</sup>	10 <sup>9</sup>

A laser emits light in a narrow beam with a well-defined _____.	wavelength	frequency	time	velocity
The first application of lasers in the daily lives of the general population was _____.	barcode scanner	target identification	surgery	distance measurement
Which of the following is an example of Optical communication?	Signaling lamps in railways	Remote control	Air-conditioners	Bluetooth in mobile phones
Holography is a powerful technique that produces _____.	three-dimensional pictures	black and white pictures	colored pictures	two-dimensional pictures
The minimum number of satellites required to determine position on the surface of the earth is _____.	3 or 4	2 or 3	4 or 5	5 or 6
The world's most used satellite navigation system - GPS (Global Positioning System) is developed by _____.	USA	Russia	China	India
Biotechnology is the field in which _____ are used to enhance our life and environment.	living organisms and their products	living organisms and non-living objects	non-living objects	non-living objects and waste

. Biotechnology/ genetic engineering can NOT be used on a wide range of _____.	milk products	plants	animals	micro-organism
Pharmacogenomics is a term derived from _____.	pharmacology and genomics	pharmacy and genomics	pharmacology and genome science	pharmacy and genome science
Knowing a patient's _____ and determine how well his/her body can process a medicine.	genetics	medical history	psychology	genes
. _____ can be produced by organisms transformed by means of genetic engineering.	Safer vaccines	Better medicines	Steroids	Tonics
Modern biotechnology is associated with the use of genetically altered microorganisms such as _____.	E. coli or yeast.	Protozo	Algae.	Viruses.
. Gene therapy is a genetic engineering of _____.	humans.	micro- organisms.	plants	animals
Nanotechnology is a key technology of _____ century for development in various fields	21st	20th	19th	18th
Control over technology is required due to _____ relating to the use of technology.	negative issues	benefits	fundamentals	advances

The technological developments in bio-engineering has allowed specialists to proceed with successful cloning of _____.	organisms	plants	humans	animals
Which of the following does NOT refer to improper use of Internet (Internet Abuse)	Research	Spam	Cyber bullying	Mal-ware
Graduate Record Examination (GRE) is an entrance test required for _____.	admission into Graduate programs in US	admission into Graduate programs in India	admission into Public services in US	admission into Public services in India
Common Admission Test (CAT) is a _____ held in Indi	computer-based test	paper-based test	VIVA test	subjective test
The age limit for Union Public Service Commission (UPSC) is _____.	21-30 years	25-40 years	18-25 years	20-27 years
Soft Skills, required for competitive exams, are related to a person's _____.	Emotional Quotient	Intelligence Quotient	Smartness Quotient	Soft-spoken Nature
Which of the following is NOT a soft-skill required for managers	Computer proficiency	Team player	Positive attitude	Time management ability
Quantitative Ability is the ability to interpret meaning in _____.	numbers and mathematics	alphabets and English	scientific facts	language and grammar

Which of the following is a concept of verbal ability?	English usage/Grammar	Scientific phenomenon	Mathematics and calculation	Mother tongue usage
The term "motivation" is derived from the word _____.	motive	motion	motto	motor
Which of the following is NOT a human need according to Maslow's theory of motivation.	Financial needs	Social needs	Safety and security needs	Physiological needs
Clayton Alderfer developed ERG theory. ERG stands for Existence, Relatedness, _____.	Growth	Grip	Group	Greed
Based on a study, Fredrick Herzberg and his associates developed a theory called _____.	Two-factor theory	One-factor theory	Three-factor theory	Prime-factor theory
Which of the following is an example of External/Extrinsic motivation.	Employee of the month award	Salary cut	Wedding invitation	Movie discussion
If you are always in a hurry to complete a task or to make it on time for a prior engagement, you are bad at _____.	Time management	Financial management	Task management	Prioritizing
Which of the following is NOT an issue of Time management.	prioritizing	cluttered desk	procrastination	attempting too many things

According to effective strategies for time management, most successful people have clearly defined written _____.	goals	tasks	strategies	quotes
Scheduling is recording what you have to do and _____.	making a time commitment to the things you want to do.	focusing on the task to be done.	focusing on the result of the task.	putting off tasks due to variety of reasons.
Recent psychological studies have shown that the multitasking _____.	does not actually save time.	is good for time management.	reduces time for each task.	saves a lot of time.
Delegation means _____.	assigning tasks and authority to someone else	assigning task to one-self	completing task on your own	assigning priorities to tasks
According to action plan analysis, one should always be _____.	proactive	productive	professional	procrastinator
