

	EVS SEM 2 Question Bank
1	Air balloons, Drones and Aircrafts platforms are usually used to execute which kind of photography?
	a)Terrestrial , b) Aquatic , c) Aerial , d) Underground
2	Development of Shirdi from small village to well-developed pilgrim centre is an example of what?
	a)Overall Regional development , b) Brain Drain , c) Inclusive tourism , d) frequent social events
3	Dharavi slum from Mumbai is famous for what type of tourism?
	a)Slum tourism , b) Dark tourism , c) Disaster tourism , d) Fashion tourism
4	Mention the type of tourism which involves travel to the historical battle fields such as Panipat, Kurukshetra, Haladi Ghat
	a)Dark tourism , b) Disaster tourism , c) War tourism , d) Adventure tourism
5	Name an International agreement on gradually phasing out substances that Deplete the Ozone Layer?
	a)The Montreal Protocol b)Kyoto Protocol c)Rio Conference d)Doha Conference
6	Name the type of tourism when tourists visit the Kaas plateau in Satara district of Maharashtra state
	a)Religious tourism , b) Ecotourism , c) Historical tourism , d) Medical tourism
7	Name the type of tourism which aims at visiting the places to the sites associated with death and suffering
	a)Dark tourism , b) Disaster tourism , c) Historical tourism , d) Adventure tourism
8	The activities such as White-water rafting, Trekking, Skiing comes under what?
	a)Historical tourism , b) Heritage tourism , c) Adventure tourism , d)Disaster tourism
9	Visit to Rannotsav in Kutchha and Khajuraho Dance festival are examples of what type of tourism?
	a)Cultural tourism , b) Yoga tourism , c) Historical tourism , d) Adventure tourism
10	What are an alternative terms for the Ecotourism
	a)Responsible or Green tourism , b) Economically beneficial tourism , c) Economically sound tourism , d) Economically developed tourism

	EVS SEM 2 Question Bank
11	What are the consequences of exposure to excessive noise?
	a)Fever and shivering b)Cold and Cough c)Headache, fatigue and dizziness d)Pain in the Hands
12	What has threatened the Taj Mahal?
	a)Acid Rain b)Global Warming c)Wild Fire d)Deforestation
13	What is responsible for erosion of sculpture, damage to the forest, acidification of lakes, and threat to the aquatic organisms?
	a)Global Warming b)Ozone Depletion c)Acid Rain d)Land Degradation
14	What is the full form of GIS technology?
	a)Geographic Information Systems , b) Geographic Indian Systems , c) Geographic Intelligent System , d) Geographic Interactive Systems
15	What is the full form of GPS technology?
	a)Global Positioning System , b) Global Private System , c) Global Personal System , d) Global Parameter System
16	What is the practice of using environmentally friendly products is called as?
	a)Green Consumerism b)Corporate Social Responsibility c)Green Business d)Use and throw Culture
17	What is the result of activities like Over grazing, Mining activities, Deforestation and Soil Erosion?
	a)Global Warming b)Land Degradation c)Ozone Depletion d)Acid Rain
18	What type of pollution takes place due to beating of drum for entertainment?
	a)Air b)Water c)Noise d)Land
19	What type of tourism includes visiting the remote, exotic and hostile locations to gain more excitement?
	a)Adventure tourism , b) Historical tourism , c) Fashion tourism , d) War tourism
20	What type of tourism is rapidly developing in India due to five-star hospitals and low cost health care?
	a)Sports tourism , b) Fashion tourism , c) Adventure tourism , d) Medical tourism
21	What type of tourism is well developed in African countries?
	a)Medical tourism , b) Ecotourism , c) Religious tourism d) Dark tourism ,

EVS SEM 2 Question Bank	
22	Which authority believed to have extra ordinary power due to the Forest Conservation ACT, 1989?
	a)Central Government , b) State Government , c) Local Government , d) NGOs
23	Which diseases takes place due to lack of Vitamin -A
	E)Anaemia F)Night Blindness G)Scurvy D) Ricket
24	Which diseases takes place due to lack of vitamin-C
	A)Anaemia B)Beri-Beri C)Scurvy D)Ricket
25	Which is the positive effect of tourism industry?
	a)Overcrowding , b) Controls Brain drain , c) Intrusion of outsiders , d) Increased crimes
26	Which is the unit used to measuring the intensity of Noise?
	a)Decibel b)Decimetre c)Decametre c)Edible
27	Which of the following ecological services are NOT provided by the forest?
	a)Controls flood b)Protects Biodiversity c)Purifies Air d)Increases Temperature
28	Which of the following technology refers to visualization, measurement and analysis of the Earth features?
	a)Robotics , b) Geospatial , c) Missiles , d) Photography
29	Which of the following waste is the result of nuclear tests explosions, increased use of atomic energy?
	a)Radioactive waste b)Industrial waste c)Domestic waste d)Commercial waste
30	Which pollutant was responsible for Minamata disease of Japan?
	a)Lead b)Methyl Mercury c)Cadmium d)Chromium
31	Which state of India is known for Beach tourism?
	a)Goa , b) Tamil Nadu , c) Sikkim , d) Rajasthan
32	Which was the first agreement between nations to mandate country-by-country reductions in greenhouse-gas emissions?
	a)The Rio Conference , b) The Montreal Treaty , c)The Kyoto protocol , d) Doha Conference
33	An aerial photography where data is acquired from space through sensors mounted on the satellite.

	EVS SEM 2 Question Bank
	A. Black Photography ,B. Satellite Imagery , C. Terrestrial Photography , D. Aquatic Photography
34	Apart from Bengaluru, where other E-waste dismantling unit is located at?
	(a)Chennai , b)Cochin , c)Coimbatore , d) Chandrapur
35	Forest Conservation ACT, 1989 grants extra ordinary power to which Authority?
	A. Central Government ,B. State Government , C. Local Government , D. Non-Government Organizations
36	Generally what colour of Dustbins have been assigned by BMC for Wet Waste?
	A. Red ,B. Green , C. Yellow , D. Blue
37	How do you refer to any broken, unwanted, malfunctioning electrical or electronic appliances?
	A. H-waste ,B. D-waste , C. E-waste , D. Z-waste
38	How does Agriculture sector cause to Water pollution?
	A. Use of Drip Irrigation ,B. Use of Hybrid Seeds , C. Use of Tractors for Ploughing , D. Use of Chemical Fertilizers
39	How does Agriculture sector cause Water pollution?
	A. Use of Drip Irrigation ,B. Use of Hybrid Seeds , C. Use of Tractors for Ploughing , D. Use of Chemical Fertilizers
40	In which states of India Appiko movement took place?
	A. Meghalaya ,B. Orissa , C. West Bengal , D. Karnataka
41	Mention the type of Tourism which involves visit to the Flower of Valley.
	A. Ecotourism ,B. Disaster tourism , C. War tourism , D. Adventure tourism
42	Name disease caused due to deficiency in Proteins & low-calorie intake?
	A. Marasmus ,B. Rickets , C. Osteoporosis , D. Beri- Beri
43	Name environmental movement where alternative energy sources were provided to villagers for cooking to stop felling of trees?
	A. Western Ghats Bachao ,B. Chipko , C. Jal Bachao, Jeevan Bachao , D. Appiko
44	Name recently developed form of tourism where tourists pay for flight into the space for enjoying thrill of looking towards the Earth?
	A. Eco tourism ,B. Adventure tourism , C. Sports tourism , D. Space tourism

	EVS SEM 2 Question Bank
45	Name the campaign launched by Ministry of Tourism Department of India to promote tourism in 2002?
	A. Amazing India ,B. India truly Asia , C. Wonderful India , D. Incredible India
46	Name the country that first coined the term Environmental Impact Assessment?
	A. India ,B. Indonesia , C. China , D. U.S.A.
47	Name the environmental protection movement in south India inspired from Chipko movement?
	A. Western Ghats Bachao ,B. Narmada Bachao Andolan , C. Appiko , D. Save Water Save Life
48	Name the formal process used to predict the environmental consequences of any developmental project?
	A. Ecological Footprint ,B. Carbon Bank , C. Environment Management , D. Environment Impact Assessment
49	Name the mountain ranges from India recognized by UNESCO as a World Heritage site Biodiversity Hotspot?
	A. The Vindhyan ,B. The Satpuda , C. The Aravali , D. The Western Ghats
50	Name the phenomena caused due to concentration of “Green House Gases” results in rise in temperature of the Earth’s atmosphere?
	A. Ozone Depletion ,B. Acid Rain , C. Global Warming , D. Land Degradation
51	Name the phenomena which is known as “Green House Effect”.
	A. Ozone Depletion ,B. Acid Rain , C. Global Warming , D. Land Degradation
52	Name the phenomenon when the highest level of concentration of toxins are concentrated in the higher level of organism ?
	A. Bio Accumulation ,B. Bio Magnification , C. Bio Digestion , D. Collection
53	Name the phenomenon when tourists demand branded standard food and other products that host country cannot supply need to import.
	A. Balance of Trade ,B. Import Leakage , C. Export Leakage , D. Multiplier Effect
54	Name the phenomenon where top consumer of the food chain will have the highest level of concentration of the toxins.
	A. Bio-magnification ,B. Bio- accumulation , C. Extinction , D. Pollution
55	Name the photography technique where photographs are acquired from high mounted cameras?

	EVS SEM 2 Question Bank
	A. Terrestrial Photography ,B. Aquatic Photography , C. Aerial Photography , D. Underground Photography
56	Name the photography technique where photographs are taken by using high mounted cameras?
	A. Terrestrial ,B. Aquatic , C. Aerial , D. Underground
57	Name the pollutant which was responsible for the London SMOG?
	A. Mercury ,B. Carbon Dioxide , C. Sulphur Dioxide , D. Methane
58	Name the recently developed form of tourism where tourists pay for flight into the space for the unique experience of looking from space towards the Earth.
	A. Eco tourism ,B. Adventure tourism , C. Sports tourism , D. Space tourism
59	Name the state where first Chipko movement was originated in 18th C. by Bishnoi community.
	A. Rajasthan ,B. Gujarat , C. Uttarakhand , D. Karnataka
60	Name the states from which river Narmada flows.
	A. Rajashthan, Gujarat, Madhya Pradesh ,B. Rajasthan, Gujarat, Maharashtra , C. Gujarat, Madhya Pradesh, Maharashtra , D. Goa, Karnataka, Kerala
61	Name the Technology which is now widely available in every Smart Phone and in Cars.
	A. GPS ,B. GIS , C. GST , D. GSW
62	Name the term used to measure how much we use and consume, in relation to our environment's capacity to provide and support our needs.
	A. Ecological Footprint ,B. Carbon Bank , C. Environment Management , D. Environment Impact Assessment
63	Name the type of sensor used in Remote Sensing technology that emits energy to the target & collects the reflected energy to sense the object?
	A. Passive ,B. Active , C. Dormant , D. Neutral
64	Name the type of SMOG produced when Sunlight reacts with Nitrogen Oxides in the atmosphere.
	A. Photochemical ,B. Classical , C. Paramedical , D. Synthetic
65	Name the type of SMOG where sunlight reacts with nitrogen oxides in the atmosphere
	A. Photochemical ,B. Classical , C. Paramedical , D. Synthetic
66	Name the type of tourism where tourist visit Hawaii island for Shark tourism.
	A. Ecotourism ,B. Dark tourism , C. Disaster tourism , D. Business tourism

EVS SEM 2 Question Bank	
67	Name the type of Tourism which includes visiting the sites associated with Death and Suffering.
	A. Dark tourism ,B. Disaster tourism , C. Historical tourism , D. Adventure tourism
68	Name the waste generated from Hospitals, Nursing Homes, Pathological Laboratories and Blood Banks?
	A. Commercial ,B. Clinical , C. Industrial , D. Market
69	Name the waste management method that involves Combustion of waste material?
	A. Landfill ,B. Incineration , C. Recycling , D. Dumping
70	Name the waste management method that involves combustion of wastes?
	A. Landfill ,B. Incineration , C. Recycling , D. Dumping
71	Name the waste which includes anatomical waste like the surgically removed body parts.
	(a)Commercial waste , b) Biomedical waste , c) Industrial waste , d) Domestic waste
72	Name the woman leader in Chipko movement?
	A. Amruta Devi ,B. Medha Patkar , C. Gaura Devi , D. Mandhra Devi
73	On which Continent scientists from NASA have found Ozone Hole?
	A. North America ,B. Europe , C. Asia , D. Antarctica
74	Out of following, which waste material is gradually increasing in the oceans?
	(a) Plastic , b) Clothes , c)Glass , d) Metal
75	Phenomenon of adoption of foreign culture by the locals and permanently settling down of foreign culture at the tourist destination.
	A. Zoofication ,B. Trans-Culturation , C. Cultural Shock , D. Multiplier Effect
76	Shark Tourism, Gorilla Tourism are examples of what type of tourism?
	A. War Tourism ,B. Sports Tourism , C. Eco Tourism , D. Dark Tourism
77	Tourism known as responsible travel to natural areas to conserves the environment and sustain wellbeing of the local people?
	A. Adventure Tourism ,B. Mass Tourism , C. Slum Tourism , D. Eco Tourism
78	Under whose leadership “Narmada Bachao Andolan” took place?
	A. Meera Borvankar ,B. Medha Patkar , C. Sushama Swaraj , D. Mrunal Gore

	EVS SEM 2 Question Bank
79	What campaign is launched by Department of Ministry of Tourism of India to promote tourism in 2002?
	A. Amazing India ,B. India truly Asia , C. Wonderful India , D. Incredible India
80	What causes acidification of lakes, erodes sculpture, damages forest?
	A. Global Warming ,B. Ozone Depletion , C. Acid Rain , D. Land Degradation
81	What colour dust bin has been assigned by BMC to discard the Dry Waste?
	(a)Green , (b) Red , (c) Blue , (4) Yellow
82	What colour dustbins are assigned by BMC for dumping wet waste?
	A. Red ,B. Yellow , C. Blue , D. Green
83	What disease results due to deficiency of Vitamin “C” in the diet?
	A. Beri- Beri ,B. Scurvy , C. Rickets , D. Anaemia
84	What disease results due to the deficiency of Vitamin “D” in the diet?
	A. Night Blindness ,B. Beri- Beri , C. Rickets , D. Anaemia
85	What do you mean by the Multiplier Effect of tourism?
	A. Money spend by tourist is circulated in economy ,B. Outside rich people start business , C. Tourists bring Foreign currency , D. New tourist places are explored
86	What do you mean by use of raw materials of existing products to make new products?
	(a) Reusing , b) Recycling , c) Reducing , d) Researching
87	What does the word SAMRACHNA implies in Tourism Policy of 2000?
	A. Welcome ,B. Information , C. Cooperation , D. Infrastructure
88	What environmental problem can occur due to Unskilled Irrigation?
	A. Eutrophication of Lake ,B. Waterlogging , C. Growth of Weed , D. Soil becomes Compact
89	What happens when the Top Consumer in the Food chain has the Highest level of concentration of Toxins?
	A. Bio Accumulation ,B. Bio Magnification , C. Bio Digestion , D. Collection
90	What is an alternative name for “Emission Permit” in Carbon Trade?
	A. Carbon Credit ,B. Carbon Footprint , C. Carbon Bank , D. Carbon Loan
91	What is biological digestion process of Recycling organic waste?
	A. Biogas ,B. Incineration , C. Repairing old broken items , D. Reusing products

EVS SEM 2 Question Bank	
92	What is called as the measurement of productive areas required to produce resources for human consumption & to dispose of its waste compared to the total available land and sea?
	A. Carbon Footprints ,B. Environment Impact Assessment , C. Ecological Footprints , D. Environmental Management
93	What is the demerit of landfill waste management method?
	A. Hygienic ,B. Inexpensive , C. Requires large areas , D. Safe
94	What is the full form of GST technology?
	A. Geo Spatial Technology ,B. Geo Specific Technology , C. Geo Satellite Technology , D. Geo Standard Technology
95	What is the full form of GST used for environment management?
	A. Geo Spatial Technology ,B. Geo Specific Technology , C. Geo Satellite Technology , D. Geo Standard Technology
96	What is the other name for the Clinical waste?
	A. Biomedical ,B. Industrial , C. Market , D. Domestic
97	What is the practice of using Eco-friendly products is called as?
	A. Green Consumerism ,B. Corporate Social Responsibility , C. Green Business , D. Use and throw Culture
98	What is the type of tourism where tourists visit Golden temple of Amritsar or visit Mecca Madinah?
	A. Ecotourism ,B. Religious tourism , C. Adventure tourism , D. Sports tourism
99	What issue Deonar dumping ground is facing very frequently?
	A. Frequent Fire Incidences ,B. Frequent Theft Incidences , C. Frequent Flooding , D. Frequent Oil Spill
100	What kind of photography uses platforms such as Air balloons, Drones and Aircrafts?
	A. Terrestrial ,B. Aquatic , C. Aerial , D. Underground
101	What refers to demand or purchase & use of products with lower environmental impacts?
	A. Blue Consumerism ,B. Black Consumerism , C. Red Consumerism , D. Green Consumerism
102	What technology comprises of Three important components viz. Remote Sensing, GIS and GPS?

	EVS SEM 2 Question Bank
	A. Geospatial ,B. Geology , C. Geoscience , D. Geography
103	What type of pollution causes Acid rain?
	A. Air pollution ,B. Water Pollution , C. Noise Pollution , D. Soil Pollution
104	What type of Pollution takes place due to Rail Transport?
	A. Air ,B. Water , C. Land , D. Noise
105	What type of Sea Creatures are highly threatened due to Plastic waste?
	A. Whale ,B. Sea Cucumber , C. Sea Horse , D. Sea Turtle
106	What type of seeds are costly, sterile, increases dependency on foreign countries & also threatens biodiversity?
	A. Hybrid seeds ,B. Traditional seeds , C. Genetically Modified seeds , D. Indigenous seeds
107	What type of Tourism consists of activities such as White-water rafting, Trekking, Skiing?
	A. Historical tourism ,B. Heritage tourism , C. Adventure tourism , D. Disaster tourism
108	What type of Tourism include Gorillas Conservation Program in Rwanda?
	A. Ecotourism ,B. Dark tourism , C. Disaster tourism , D. Business tourism
109	What type of Tourism includes visiting the remote, exotic and hostile locations to gain more excitement?
	A. Adventure tourism ,B. Historical tourism , C. Fashion tourism , D. War tourism
110	What type of waste can be used in Tar Road Construction?
	A. Paper ,B. Plastic , C. Clothes , D. Glass
111	What type of Waste threatens Marine life?
	A. Plastic ,B. Metal , C. Glass , D. Metal
112	What was recently the cause of Air pollution in Delhi?
	A. Burning of Agriculture waste in neighbourhood states ,B. Bullet Trains , C. Increase frequency of Aeroplanes , D. Burning of Crackers
113	What was responsible to establish the Environmental Protection ACT 1986 in India?
	A. Chernobyl accident ,B. Bhopal Gas Tragedy , C. Nisarg Cyclone , D. Tsunami Attack
114	What was the aim of Chipko movement?

	EVS SEM 2 Question Bank
	A. To stop Hydroelectricity Project ,B. To control Illegal Mining , C. To prevent Deforestation , D. To stop Poaching of Animals
115	What was the main Agenda of Kyoto Protocol?
	A. Reduction in Population ,B. Concern for the Wild Life , C. Reduction in Green House Gases , D. Reduction in Polio Cases
116	What was the main objective of Kyoto Protocol?
	A. To Control Population ,B. To Mitigate Ozone Hole , C. To Control Malnutrition , D. To Reduce Carbon Emission
117	What was the main purpose of “Narmada Bachao Andolan”?
	A. To stop hunting of Tigers ,B. To stop dam construction , C. To stop deforestation , D. To stop Dowry Deaths
118	What waste management method involves combustion?
	A. Landfill ,B. Incineration , C. Recycling , D. Dumping
119	What wavelength are used in Remote Sensing?
	A. X-Ray ,B. Ultra Violet , C. Infra-Red , D. Gamma Rays
120	What would you call the waste from hospitals, nursing homes, pathological laboratories and blood banks?
	(a)Commercial , b)Biomedical , c)Industrial , d)Market
121	When can import leakage takes place in tourism industry?
	A. Tourists demand branded goods ,B. Local People earn profit , C. Destination Country exports goods , D. Tourist consumes local goods
122	When import leakage takes place in Tourism industry?
	A. Tourists demand branded goods ,B. Local People earn profit , C. Destination Country exports goods , D. Tourist consumes local goods
123	Where is the dumping ground of Mumbai located?
	A. Devnar ,B. Andheri , C. Kurla , D. Byculla
124	Where the sensors are mounted to acquire data from the space in the form of the satellite imagery?
	A. Satellites ,B. Planets , C. Drones , D. Aircrafts
125	Which “Green House Gas” is released from activities such as Cattle Grazing?
	A. Ozone ,B. Methane , C. Sulphur Tri Oxide , D. Ammonia
126	Which “Green House Gas” is released from Paddy cultivation and Cattle grazing?

	EVS SEM 2 Question Bank
	A. Ozone ,B. Methane , C. Sulphur Tri Oxide , D. Ammonia
127	Which Act is referred to UMBRELLA Act, as it encompasses Water, Air, Land & other related Acts?
	A. The Forest Conservation Act ,B. The Environmental Protection Act , C. The Air Pollution Act , D. The Wild life Protection Act
128	Which Acts were initially formed by the Central and State Pollution Control Board?
	A. Water and Air Pollution Control ACT ,B. Noise Pollution Control Act , C. Land Pollution Prevention Act , D. Deforestation Control Act
129	Which city generates maximum E-waste in India?
	A. Mumbai ,B. Kochin , C. Dhanbad , D. Lucknow
130	Which countries have banned E-waste from landfills in the 1990's?
	(a)European , b)African , c)Asian , d)Australian
131	Which environmental problem occurs due to excessive use of chemical fertilizers?
	A. Eutrophication of Lake ,B. Waterlogging , C. Soil Erosion , D. Lack of Nutrients
132	Which International agreement introduced the concept of Carbon Emission Trade?
	A. The Rio Conference ,B. The Montreal Treaty , C. The Kyoto Protocol , D. Doha Conference
133	Which international standards brought transparency, uniformity, reliability about eco-friendly practices of industries across the world?
	A. ISO 16000 ,B. ISO 14000 , C. ISO 13000 , D. ISO 15000
134	Which is NOT the benefit of Forest?
	A. Flood Control ,B. Protection of Biodiversity , C. Purification of Air , D. Soil Degradation
135	Which is NOT the consequences of Global warming?
	A. Rise in the Sea level ,B. Cyclones , C. Tsunami , D. Floods
136	Which is practical waste management method for hazardous waste disposal?
	A. Landfill ,B. Incineration , C. Recycling , D. Dumping
137	Which is recently developed form of tourism where tourists pay for flight into the space for enjoying thrill of looking from space towards the Earth?
	A. Eco tourism ,B. Adventure tourism , C. Sports tourism , D. Space tourism

EVS SEM 2 Question Bank	
138	Which is the campaign launched by Ministry of Tourism Department of India to promote tourism in 2002?
	A. Amazing India ,B. India truly Asia , C. Wonderful India , D. Incredible India
139	Which is the latest type of platform used for Modern Aerial Photography?
	A. Pigeons ,B. Kites , C. Balloons , D. Drones
140	Which is the most preferred & inexpensive approach in waste management?
	A. Disposal of waste ,B. Dumping of waste , C. Prevention of waste at the source , D. Burning of waste
141	Which is the negative impact of tourism on Culture of the Host country?
	A. Hunting of Exotic Animals ,B. Cultural Shock , C. Deforestation , D. Inflation
142	Which layer of the atmosphere is known as Ozonosphere?
	A. Thermosphere ,B. Mesosphere , C. Troposphere , D. Stratosphere
143	Which layer of the earth's atmosphere is called as Ozonosphere?
	A. Thermosphere ,B. Mesosphere , C. Stratosphere , D. Exosphere
144	Which Marine organisms has been highly affected by Plastic Pollution?
	A. Sharks ,B. Sea Horse , C. Sea Cucumber , D. Sea Turtle
145	Which Nuclear Power Plant accident was considered as one of the deadliest nuclear accidents?
	A. Moscow ,B. Vladivostok , C. Chernobyl , D. Leningrad
146	Which of the following chemical is used in all cooling devices like Air Conditioner, Refrigerators etc.?
	A. Chlorofluorocarbons ,B. Argon , C. Sodium Nitrate , D. Helium
147	Which of the following is "Green House Gas"?
	A. Sulphur Di Oxide ,B. Water Vapour , C. Argon , D. Ammonia
148	Which of the following is known as "Green House Gas"?
	A. Carbon di Oxide ,B. Sulphur Dioxide , C. Ammonia , D. Particulate Matter
149	Which of the following is NOT "Green House Gas"?
	A. Methane ,B. Nitrous Oxide , C. Carbon Di Oxide , D. Ammonia
150	Which of the following is one of the "Green House Gases"?
	A. Water Vapour ,B. Salt Crystals , C. Dust Particles , D. Helium

	EVS SEM 2 Question Bank
151	Which of the following is positive economic impact of tourism sector?
	A. Pollution ,B. Brain Drain , C. Increased Employment , D. Crowd & Crime
152	Which of the following is the negative environmental impact of tourism industry
	A. Seasonal Employment ,B. Increased Living Cost , C. Increased Crimes , D. Loss of Biodiversity
153	Which of the following mountain ranges are considered as Biodiversity Hotspots in India?
	A. The Eastern Ghats ,B. The Western Ghats , C. Vindhyan , D. Satpudas
154	Which of the following quality of Plastic has made it the subject of environmental concern?
	A. Water Proof ,B. Heat Resistant , C. Non- Biodegradable , D. Formed into fibre & thin film
155	Which of the following Technology refers to Visualization, Measurement and Analysis of the Earth features?
	A. Robotics ,B. Geospatial , C. Missiles , D. Photography
156	Which of the following waste material is gradually increasing in the Oceans?
	A. Plastic ,B. Clothes , C. Glass , D. Metal
157	Which of the waste is Non bio degradable?
	A. Agricultural waste ,B. Animal waste , C. Domestic waste , D. E- Waste
158	Which Pollutant is responsible for Ozone depletion?
	A. Chlorofluorocarbons ,B. Lead Particles , C. Sodium Nitrate , D. Helium
159	Which region has become Plastic-Free due to the refusal of Plastic Carry Bags by its local people?
	A. Ladakh ,B. Sikkim , C. Tripura , D. Assam
160	Which sector consumes around 70% of fresh water?
	A. Agriculture ,B. Industry , C. Domestic , D. Commercial
161	Which state of India generates maximum E-waste among others?
	(a)Madhya Pradesh , b)Maharashtra , c)Punjab , d)Kerala
162	Which type of tourism aims at responsible travel to the Natural areas for conservation of environment and sustains well - being of the local people?
	A. Medical tourism ,B. Ecotourism , C. Slum tourism , D. Heritage tourism
163	Which type of tourism involves visiting Forts, Palaces and Caves?

	EVS SEM 2 Question Bank
	A. Religious tourism ,B. Historical tourism , C. Dark tourism , D. Disaster tourism
164	Which type of tourism involves visiting Museums and Forts?
	A. Religious tourism ,B. Historical tourism , C. Dark tourism , D. Disaster tourism
165	Which type of waste can affects marine life by entangling creatures and by being eaten by them?
	(a) Plastic , b) Metal , c) Glass , d) Clothes
166	Which type of waste can be recycled in Tar road construction?
	A. Paper ,B. Plastic , C. Glass , D. Clothes
167	Which type of waste is highly infectious?
	(a)Domestic , b) Biomedical , c) Commercial , d) Agriculture
168	Which type of waste results in death of cattle due to indigestion?
	(a) Agriculture , b) Domestic , c) Plastic , d) Animal
169	Which type of waste results in the death of Cattle due to indigestion?
	A. Agriculture ,B. Domestic , C. Plastic , D. Animal
170	Which type of waste usually chokes the drainage lines and generally results into water logging thereafter?
	(a)Paper , b)Clothes , c)Plastic , d)Metal
171	Which waste management method includes the Biological process of degradation?
	A. Landfill ,B. Incineration , C. Composting , D. Reusing
172	Which waste management method includes the process of extracting resources or value from waste?
	(a) Landfill , b)Incineration , c)Recycling , d)Reusing
173	Which waste management method refers to frequent use of material in its present form?
	A. Reusing ,B. Refusing , C. Reducing , D. Researching
174	Which waste management method requires lot of space?
	A. Landfill ,B. Incineration , C. Recycling , D. Dumping
175	Which wavelength is used in Remote Sensing?
	A. X-Ray ,B. Ultra Violet , C. Infra-Red , D. Gamma Rays

	EVS SEM 2 Question Bank
176	Who has been granted administration responsibilities of sanctuaries and National Parks as per the wildlife protection ACT, 1980?
	A. Governor ,B. Chief Warden , C. Commissioner , D. Mayer
