Department of Computer Science Organizes

“Spit-free healthy India soul goal of life Campaign”

Date: 10/04/2021

“WE ARE LIVING ON THIS PLANET AS IF WE HAD ANOTHER ONE TO GO TO”

In this modern era, people are educated, but they are unaware of the destruction that we humans are doing to the environment. Therefore, the Department of Computer Science started ENVIRONMENTAL AWARENESS PROGRAMME (E.A.P) on **Spit Free India** to educate people with a notion “**Spit-free healthy India soul goal of life**”.

For the same our Department has started an online petition to ensure that every individual will act as environmental steward and work towards making our nation Spit-Free.

This program is considered to be as a necessary one because it recognizes the fragility of the current situation.

Students are therefore requested to make this programme a successful one by signing the petition.

"येथे थुंकू नका" This won't be just letters plastered onto the wall.
A good initiative starts with one person, it becomes a wave when all of us join hands. Hence, Therefore I take this oath that I will not spit in public places as well as I will not make anyone to do so. I am a well informed Indian citizen and determined to follow this oath!

 At 200 signatures, this petition is more likely to be **featured in recommendations!**
