Description in 100-300 words maximum

On 23rd August 2023 a Guest lecture by Dr. Ritesh Singhal was scheduled for TYBA Economics and SYBCOM Business Economics Students. The topic of the lecture was Green GDP and Microeconomics. The respected sir helped students in associating the links being micro level activities and their impact on the Gross Domestic Product of the country in environment terms, which is known as Green GDP. Students could understand the importance of factoring in the cost associated with our each activity in terms of deteriorating environment and hence the relationship between growth and environment. Dr. Ritesh from Sydenham College, Mumbai, explained to students the cause and effects of economic development at the cost of the environment. Students, by the end of the session were happy as they were able to understand the importance of sustainable development.
